

Automatic Shape Moulding Machine

Welcome to check our Pinsheng® hot sale machine automatic Shape Moulding Machine, with more than 10 years' experience not only in manufacturer but also selling, we are able to offer you good quality machine and excellent after-sale service!

Product Description

"Control the standard by the details, show the power by quality". Our firm has strived to establish a extremely efficient and stable employees crew and explored an effective excellent command method for high quality low price Automatic Shape Moulding Machine, We will do our best to meet your requirements and are sincerely looking forward to developing mutual beneficial business relationship with you!

high quality low price Automatic Shape Moulding Machine, There are advanced producing & processing equipment and skilled workers to ensure the merchandise with high quality. We now have found an excellent before-sale, sale, after-sale service to ensure the customers that could rest assured to make orders. Until now our goods are now moving on fast and very popular in South America, East Asia, the Middle east, Africa, etc.

Our automatic Shape Moulding Machine adopts good quality steel plate which can be used for many years and with good steam system and all qualified accessories, our machine could achieve high efficiency and low energy consumption.

Model:PSSM1412

Brand: PinSheng

Product Parameter (Specification)

1.Mechanical structure	Our Pinsheng® automatic Shape Moulding Machine apots good quality steel plate,all the formwork is tempered at high temperature and shot peening at high pressure . It has high strength and high surface hardness. All templates are processed by CNC to ensure accuracy
2.Steam System	Our automatic Shape Moulding Machine provides long range control system reducing valve for stabilizing flow, with control accuracy ± 0.2 Bar.
3.Electrical control	Our automatic Shape Moulding Machine adopts all worldwide well-known components, such as Taita touch screen,Low-voltage electrical appliances are with the brand Schneider.

	<p>Through steam pressure,main steam pressure,demoulding,air cooling,and pressurized feeding all adopt remote pressure regulating system,valves open and close according to the set pressure ratio, it is very easy to operate.</p>
<p>4.Hydraulic System</p>	<p>A digital encoder of the automatic Shape Moulding Machine is used to control the stroke distance of mold opening and clamping,it can keep the safety protection function of the mechanical,hydraulic and electrical tripe interlocking so as to meet the safety standard.</p>

Product Feature And Application

Pinsheng® Automatic Shape Moulding Machine is widely used to produce all kinds of EPS product, such as vegetable boxes,fruitful boxes,fishing boxes,household appliance packaging,etc.

Deliver,Shipping And Serving

FAQ

1.Where is your factory located?
