

## Eps Vertical Block Moulding Machine

Ningbo PinSheng Machinery Manufacturer as one of the leading EPS Machine manufacturers in China, we are providing Pinsheng® EPS Vertical Block Moulding Machine to worldwide clients, our machines are loved by customers because of their accuracy and low energy consumption. If you are interested in EPS Vertical Block Moulding Machine, we will be your best Choice! The following is an introduction to EPS Vertical Block Moulding

Machine, I hope to help you better understand EPS Vertical Block Moulding Machine. Welcome new and old customers to continue to cooperate with us to create a better future together!

### Product Description

We emphasize development and introduce new products into the market every year for High quality Low Price Eps Vertical Block Moulding Machine, Living by quality, development by credit is our eternal pursuit, We firmly believe that after your visit we will become long-term partners.

High quality Low Price Eps Vertical Block Moulding Machine, We have been seeking the chances to meet all the friends from both at home and abroad for the win-win cooperation. We sincerely hope to have long-term cooperation with all of you on the bases of mutual benefit and common development.

Our Pinsheng® PSBM200-500V EPS Vertical Block Moulding Machine is simple equipment designed safe, scientific, stable, energy-saving and full-automatic, the main engine and the accessories are made of high quality material, reliable performance and reasonable affordable price. The size of EPS Vertical Block Moulding Machine is adjustable.

Model: PSBM200-500V

Brand: PINSHENG

### Product Parameter (Specification)

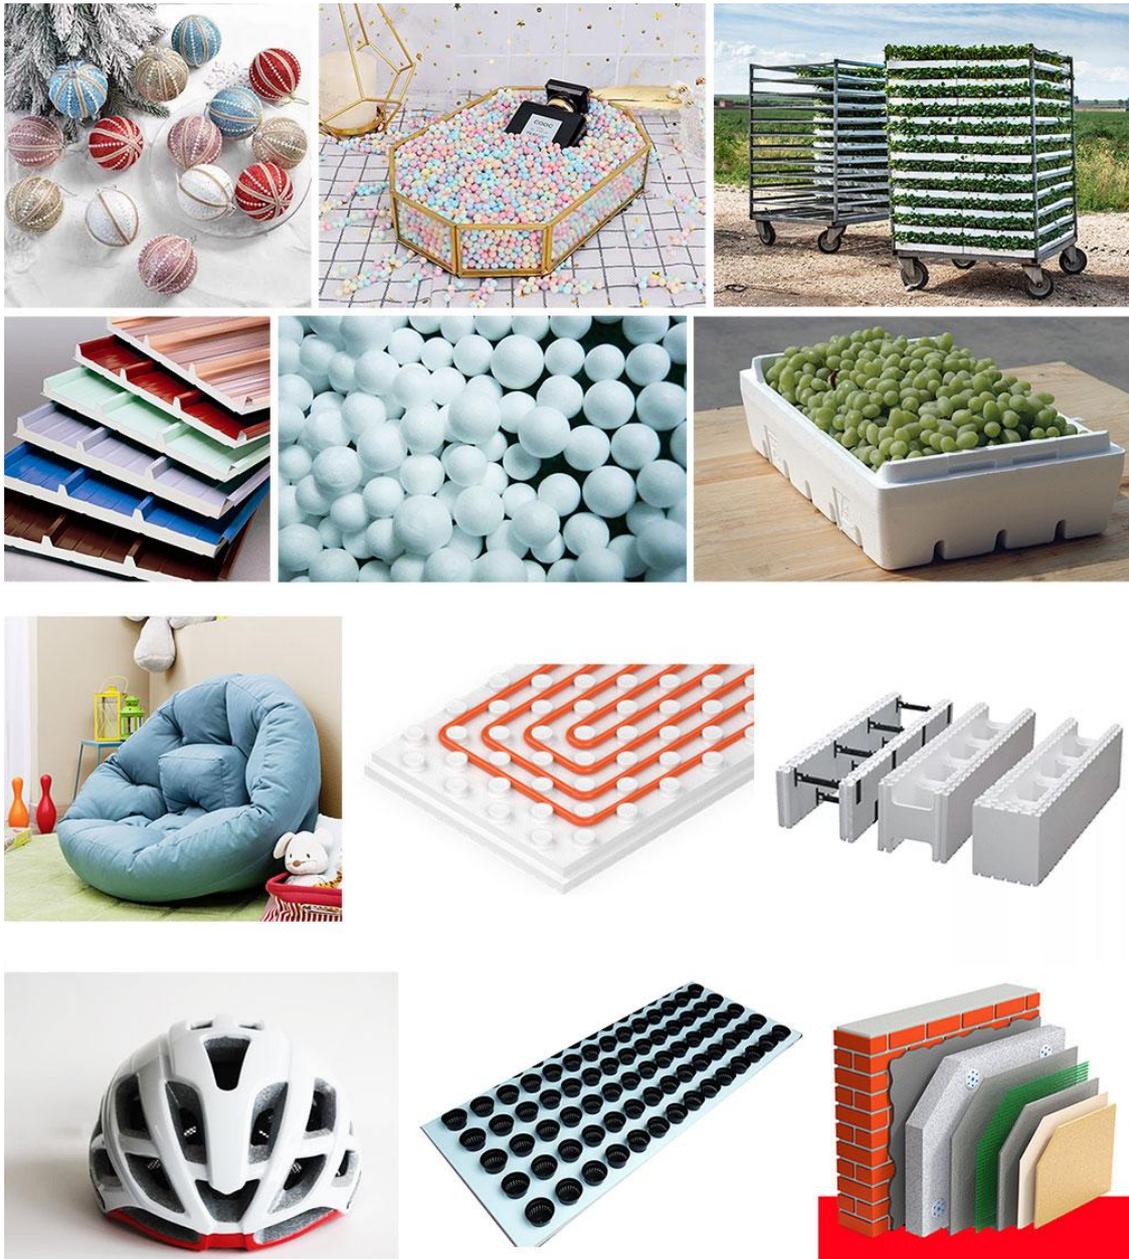

Our Pinsheng® EPS Vertical Block Moulding Machine provides all machine process, including filling, expanding, sieving, de-lumping and conveying work automatically.

1. New Design	The EPS Vertical Block Moulding Machine is all-new generation product, it adopts the new design, concept of European machine design.
2. High efficiency	Our EPS Vertical Block Moulding Machine uses low temperature with

and less steam consumption	large diameter pipes to ensure quick heating system and vacuum cooling.The pressure sensor controls stable pressure automatically.
3.Safety	The EPS Vertical Block Moulding Machine is equipped with safety devices,which can safely guarantee the normal operation of machine.

**Product Feature And Application**

Our EPS Vertical Block Moulding Machine is applicable to prduce Styrofoam product. There are all kinds of Styrofoam product in our daily life.EPS is widely used and can be seen in all areas of life, including fishing boxes, packaging,Building decoration strips, roof etc.

**Deliver,Shipping And Serving**
